

All Around Great Stuff

GREAT STUFF™ Pro Window & Door is just the right insulating foam sealant you want hanging around your windows and doors. With its exclusive polyurethane-based formula, you can count on GREAT STUFF Pro Window & Door to:

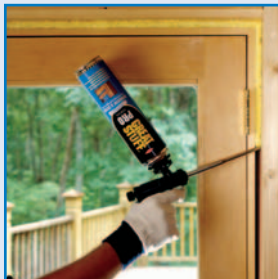

- Air-seal the gap between a window or door frame and its rough opening
- Expand just enough to create an effective seal to enhance energy efficiency
- Not bend or bow framework
- Repel and deflect water
- Offer superior performance advantages over latex products

So recommend GREAT STUFF Pro Window & Door all around your window and door openings to provide homeowners with an extra measure of protection, comfort and performance.
