### **Wind-lock Expands Drywall Tool Line to Include 1,000 Additional Products**

Leesport, PA – After announcing entry into the drywall tool market late last year, Wind-lock has more than doubled its drywall tool offering. They now carry more than 1,000 additional products not shown in their 2011 catalog.

“It’s always a challenge with a new product line to get everything done at once,” explains Carter Benjamin, Executive Vice President for Wind-lock. “We wanted to get a catalog out at the beginning of the year to let everyone know that we carried drywall tools, but we continued to bring in more products after that catalog was produced.”

Drywall tools and accessories have been added from the following product lines: Ardell, Arrow, Bjorklund, Custom Leather Craft, Duo-Fast, Levelline, SurPro, Trimaco and many others. Wind-lock has compiled a product list addendum to help customers find what they need, when they need it. This addendum is available on their web site or by calling Wind-lock to get a copy. They are also using social media, e-mail campaigns and their web site for product updates.

-MORE-

For more information on the drywall tool product line, contact Wind-lock at 800-872-5625.

*Serving the construction industry for more than 25 years, Wind-lock has expanded its offering beyond tools and accessories for the EIFS industry. The company has grown to serve other segments of the residential and commercial construction industries including air sealing, drywall, exterior wall systems, insulation, moisture management and weatherization. Delivering "What You Need, When You Need It", Wind-lock ships its products nationally and internationally from five warehouses located across the country.*
