

# Custom Aesthetic Groove Kit Order Form

These kits are used to add custom aesthetic grooves to your EIFS project. V and Angled Groove Kits come with a pack of 3 blades and one nylon sled that is used for both the base and finish coats. Beveled and Square Groove Kits come with a pack of 3 blades and two sleds, one for the base coat and one for the finish coat. In addition, you will need a 2-QC Hot Knife, the Q-SLED6 groove sled and a Groove Tool Handle.

Complete the order form below and submit to Wind-lock by fax 1-800-854-6614 or e-mail—orders@wind-lock.com. A member of our customer sales support team will respond with pricing information.
