# Safety Data Sheet

according to 1907/2006/EC (REACH), 1272/2008/EC (CLP), and GHS

## 1 Identification of the substance/mixture and of the company/undertaking

- **1.1 Product identifier**
  - Trade name: Windlock Gun Foam
- **1.2 Relevant identified uses of the substance or mixture and uses advised against**
  - No further relevant information available.
- **1.3 Details of the supplier of the Safety Data Sheet**
  - **Manufacturer/Supplier:**
    - Convenience Products, division of Clayton Corp.
    - 866 Horan Drive
    - Fenton, MO 63026-2416
    - Phone: 636-349-5855
- **1.4 Emergency telephone number:**
  - ChemTel Inc.
  - (800)255-3924, +1 (813)248-0585

## 2 Hazards identification

- **2.1 Classification of the substance or mixture**
- **Classification according to Regulation (EC) No 1272/2008**
  
  The following Hazard Statements are applicable only to the EU regulations and not the US GHS regulation: H222-H229.

  The following Hazard Statements are applicable only to the general GHS regulations and not the specific CLP regulation: H222.

  - H222: Extremely flammable aerosol.
  - Flame
  - Health hazard
  - Resp. Sens. 1 H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.
  - STOT RE 2 H373 May cause damage to organs through prolonged or repeated exposure.
  - Acute Tox. 4 H332 Harmful if inhaled.
  - Skin Irrit. 2 H315 Causes skin irritation.
  - Eye Irrit. 2 H319 Causes serious eye irritation.
  - Skin Sens. 1 H317 May cause an allergic skin reaction.

(Contd. on page 2)
Trade name: Windlock Gun Foam

<table>
<thead>
<tr>
<th>STOT SE 3</th>
<th>H335</th>
<th>May cause respiratory irritation.</th>
</tr>
</thead>
</table>

**Classification according to Directive 67/548/EEC or Directive 1999/45/EC**

- **Xn; Harmful**
  - **R20:** Harmful by inhalation.

- **Xn; Sensitising**
  - **R42/43:** May cause sensitisation by inhalation and skin contact.

- **X; Irritant**
  - **R36/37/38:** Irritating to eyes, respiratory system and skin.

- **F+; Extremely flammable**
  - **R12:** Extremely flammable.

**Information concerning particular hazards for human and environment:**
The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

**Warning! Pressurized container.**

**Classification system:**
The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

**2.2 Label elements**

**Labelling according to Regulation (EC) No 1272/2008**
The following Hazard Statements are applicable only to the EU regulations and not the US GHS regulation: H222-H229.

The following Hazard Statements are applicable only to the general GHS regulations and not the specific CLP regulation: H222.

The product is classified and labelled according to the CLP regulation.

**Hazard pictograms**

GHS02 GHS07 GHS08

**Signal word** Danger

**Hazard-determining components of labelling:**
diphenylmethanediisocyanate, isomerers and homologues
4,4'-methylenediphenyl disocyanate

**Hazard statements**
H222: Extremely flammable aerosol.
H222-H229 Extremely flammable aerosol. Pressurised container: May burst if heated.
H332 Harmful if inhaled.
H315 Causes skin irritation.
H319 Causes serious eye irritation.

(Contd. on page 3)
### Trade name: Windlock Gun Foam

**Precautionary statements**
- **P210** Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
- **P251** Pressurized container: Do not pierce or burn, even after use.
- **P211** Do not spray on an open flame or other ignition source.
- **P280** Wear protective gloves / eye protection.
- **P260** Do not breathe mist/vapours/spray.
- **P314** Get medical advice/attention if you feel unwell.
- **P342+P311** If experiencing respiratory symptoms: Call a POISON CENTER/doctor.
- **P410+P412** Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.
- **P501** Dispose of contents/container in accordance with local/regional/national/international regulations.

**Additional information:**
Contains isocyanates. May produce an allergic reaction. Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep away from sources of ignition - No smoking. Buildup of explosive mixtures possible without sufficient ventilation.

**Hazard description:**

**WHMIS-symbols:**
- A - Compressed gas
- B5 - Flammable aerosol
- D2A - Very toxic material causing other toxic effects

</table>

- Additional information: For the wording of the listed risk phrases refer to section 16.

4 First aid measures

4.1 Description of first aid measures
- General information:
  Immediately remove any clothing soiled by the product.
  Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

(Contd. on page 5)
Trade name: Windlock Gun Foam

Take affected persons out into the fresh air.

- **After inhalation:**
  Supply fresh air; consult doctor in case of complaints.
  Provide oxygen treatment if affected person has difficulty breathing.
  In case of unconsciousness place patient stably in side position for transportation.

- **After skin contact:**
  Immediately wash with water and soap and rinse thoroughly.
  Do not pull solidified product off the skin.
  If skin irritation continues, consult a doctor.

- **After eye contact:**
  Immediately remove contact lenses if possible.
  Rinse opened eye for several minutes under running water. Then consult a doctor.

- **After swallowing:**
  Rinse out mouth and then drink plenty of water.
  Do not induce vomiting; call for medical help immediately.

4.2 Most important symptoms and effects, both acute and delayed
Asthma attacks
Headache
Breathing difficulty
Allergic reactions
Coughing
Nausea
Gastric or intestinal disorders when ingested.
Irritant to skin and mucous membranes.
Irritant to eyes.
Dizziness
Disorientation

**Hazards**
Danger of impaired breathing.
Danger of disturbed cardiac rhythm.
Danger of pulmonary oedema.
Danger of pneumonia.
Danger of convulsion.

4.3 Indication of any immediate medical attention and special treatment needed
Severe allergic skin reaction, bronchial spasms and anaphylactic shock are possible.
Treat skin and mucous membrane with antihistamine and corticoid preparations.
In cases of irritation to the lungs, initial treatment with cortical steroid inhalants.
Monitor circulation.
If necessary oxygen respiration treatment.
Medical supervision for at least 48 hours.
Contains isocyanates. May produce an allergic reaction.

5 Firefighting measures

- **5.1 Extinguishing media**
- **Suitable extinguishing agents:**
  CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
  Water in flooding quantities.
Trade name: Windlock Gun Foam

- For safety reasons unsuitable extinguishing agents: None.
- 5.2 Special hazards arising from the substance or mixture
  Danger of receptacles bursting because of high vapour pressure when heated.
  During heating or in case of fire poisonous gases are produced.
- 5.3 Advice for firefighters
  - Protective equipment:
    Wear self-contained respiratory protective device.
    Wear fully protective suit.
  - Additional information
    Leaking gas fire: Do not extinguish, unless leak can be stopped safely.
    Eliminate all ignition sources if safe to do so.
    Cool endangered receptacles with water spray.

6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures
  Use respiratory protective device against the effects of fumes/dust/aerosol.
  Wear protective equipment. Keep unprotected persons away.
  Ensure adequate ventilation
  Keep away from ignition sources.
  Protect from heat.
  Isolate area and prevent access.
  Keep people at a distance and stay on the windward side.
- 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- 6.3 Methods and material for containment and cleaning up:
  Allow to solidify. Pick up mechanically.
  Send for recovery or disposal in suitable receptacles.
  Dispose contaminated material as waste according to item 13.
- 6.4 Reference to other sections
  See Section 7 for information on safe handling.
  See Section 8 for information on personal protection equipment.
  See Section 13 for disposal information.

7 Handling and storage

- 7.1 Precautions for safe handling
  Keep away from heat and direct sunlight.
  Handle with care. Avoid jolting, friction and impact.
  Use only in well ventilated areas.
- Information about fire - and explosion protection:
  Keep ignition sources away - Do not smoke.
  Protect against electrostatic charges.
  Keep respiratory protective device available.
  Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50 °C, i.e. electric lights. Do not pierce or burn, even after use.
  Do not spray onto a naked flame or any incandescent material.
Trade name: Windlock Gun Foam

Emergency cooling must be available in case of nearby fire.

7.2 Conditions for safe storage, including any incompatibilities

7.2.1 Information on incompatible materials:

7.2.2 Special protective equipment:

7.2.3日の (days) to be met by storerooms and receptacles:

7.2.4 Environmental measures:

Further information about storage conditions:

8 Exposure controls/personal protection

8.1 Control parameters

Additional information about design of technical facilities: No further data; see item 7.

- **DNELs** No further relevant information available.
- **PNECs** No further relevant information available.
- **Additional information:** The lists valid during the making were used as basis.

- **8.2 Exposure controls**
  - **Personal protective equipment:**
    - **General protective and hygienic measures:**
      The usual precautionary measures are to be adhered to when handling chemicals. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Do not inhale gases / fumes / aerosols. Avoid contact with the eyes and skin. Clean skin thoroughly immediately after handling the product.
  - **Respiratory protection:**
    - Combined Organic Vapor and Particulate Respirator is recommended for use during all processing activities.

- **Protection of hands:**
  - Protective gloves

  The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

- **Material of gloves**
  The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

- **Penetration time of glove material**
  The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

- **Eye protection:**
  - Safety glasses

- **Body protection:** Protective work clothing

(Contd. on page 9)
Trade name: Windlock Gun Foam

- Limitation and supervision of exposure into the environment
  No further relevant information available.

- Risk management measures
  See Section 7 for additional information.
  No further relevant information available.

9 Physical and chemical properties

- 9.1 Information on basic physical and chemical properties
- General Information
- Appearance:
  Form: Aerosol
  Colour: Amber coloured
  Odour: Light
  Petroleum-like
- Odour threshold: Not determined.
- pH-value: Not determined.
- Change in condition
  Melting point/Melting range: Not Determined.
  Boiling point/Boiling range: -44 °F / -42 °C (propellant)
- Flash point: -155 °F / -104 °C (propellant)
- Flammability (solid, gaseous): Not applicable.
- Auto/Self-ignition temperature: Not determined.
- Decomposition temperature: Not determined.
- Self-igniting: Product is not self-igniting.
- Danger of explosion: Product is not explosive. However, formation of explosive air/vapour mixtures are possible.
- Explosion limits:
  Lower: Not determined.
  Upper: Not determined.
- Vapour pressure: Not determined.
- Density at 20 °C: 1,05 g/cm³
- Relative density: Not determined.
- Vapour density: Not determined.
- Evaporation rate: Not applicable.
- Solubility in / Miscibility with water: Not miscible or difficult to mix.
- Partition coefficient (n-octanol/water): Not determined.
- Viscosity:
  Dynamic: Not determined.

(Contd. on page 10)
10 Stability and reactivity

- 10.1 Reactivity
- 10.2 Chemical stability
  - Thermal decomposition / conditions to be avoided:
    No decomposition if used and stored according to specifications.
- 10.3 Possibility of hazardous reactions
  Develops readily flammable gases/fumes.
  Flammable.
  Reacts with oxidizing agents.
  Can form explosive mixtures in air if heated above flash point and/or when sprayed or atomised.
  Danger of receptacles bursting because of high vapour pressure when heated.
  Contact with acids releases toxic gases.
  Toxic fumes may be released if heated above the decomposition point.
- 10.4 Conditions to avoid
  Keep ignition sources away - Do not smoke.
  Store away from oxidizing agents.
- 10.5 Incompatible materials: No further relevant information available.
- 10.6 Hazardous decomposition products:
  Carbon monoxide and carbon dioxide
  Nitrogen oxides (NOx)
  Hydrogen cyanide (prussic acid)
  Phosphorus oxides (e.g. P2O5)

11 Toxicological information

- 11.1 Information on toxicological effects
  - Acute toxicity:
    - LD/LC50 values relevant for classification:
      101-68-8 4,4’-methylene diphenyl diisocyanate
      Oral LD50 2200 mg/kg (mouse)
  - Primary irritant effect:
    - on the skin: Irritant to skin and mucous membranes.
    - on the eye: Irritating effect.
  - Sensitization:
    Sensitization possible through inhalation.
    Sensitization possible through skin contact.
  - Subacute to chronic toxicity:
    Inhalation of concentrated vapours as well as oral intake will lead to anaesthesia-like conditions and headache, dizziness, etc.
### Trade name: Windlock Gun Foam

- **Additional toxicological information:**
  - The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version:
  - Harmful
  - Irritant
  - Danger through skin adsorption.
  - Toxic and/or corrosive effects may be delayed up to 24 hours.
  - In addition to local irritant manifestations, there is a narcotic effect when inhaling high concentrations, with high danger of central respiratory arrest.
  - **Acute effects (acute toxicity, irritation and corrosivity):** Vapours have narcotic effect.
  - **Repeated dose toxicity:**
    - May cause damage to organs through prolonged or repeated exposure.
    - Repeated exposures may result in skin and/or respiratory sensitivity.

### 12 Ecological information

- **12.1 Toxicity**
- **Aquatic toxicity:** No further relevant information available.
- **12.2 Persistence and degradability** No further relevant information available.
- **12.3 Bioaccumulative potential** No further relevant information available.
- **12.4 Mobility in soil** No further relevant information available.
- **Additional ecological information:**
- **General notes:**
  - Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water
  - Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
- **12.5 Results of PBT and vPvB assessment**
  - PBT: Not applicable.
  - vPvB: Not applicable.
- **12.6 Other adverse effects** No further relevant information available.

### 13 Disposal considerations

- **13.1 Waste treatment methods**
- **Recommendation**
  - Must not be disposed together with household garbage. Do not allow product to reach sewage system.
  - Can be disposed of with household garbage after solidification following consultation with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.
- **Uncleaned packaging:**
- **Recommendation:** Disposal must be made according to official regulations.

### 14 Transport information

- **14.1 UN-Number**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

- Relevant phrases
  - H220 Extremely flammable gas.
  - H280 Contains gas under pressure; may explode if heated.
  - H315 Causes skin irritation.
  - H317 May cause an allergic skin reaction.
  - H319 Causes serious eye irritation.
  - H332 Harmful if inhaled.
  - H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.
  - H335 May cause respiratory irritation.
  - H373 May cause damage to organs through prolonged or repeated exposure.
  - H412 Harmful to aquatic life with long lasting effects.
  - R12 Extremely flammable.
  - R20 Harmful by inhalation.
  - R36/37/38 Irritating to eyes, respiratory system and skin.
  - R42/43 May cause sensitisation by inhalation and skin contact.
  - R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
